

Set B, English Lesson 3: Spelling activity:

We can change words by adding a suffix.

The suffix is -er.

Look how it changes a word to a comparing adjective:

high + er = higher compares the height of 2 things

calm + er = calmer compares the calmness of 2 things

Sometimes we need to take the last 'e' away before we add -er

safe -e + er = safer NOT safeer

How many words can you find to add -er to?

Sentences

Choose 2 words and write each one in a sentence:

1. I built a higher tower than my little sister.

---

2.

---

---

quick

fast

calm

high

slow
